

**COMMUNICATION SCIENCES AND DISORDERS
UNDERGRADUATE COURSE OFFERINGS
2024-2025**

COURSE	TITLE	QUARTER
110-0	Intro to Hearing & Speech Acoustics	Fall
202-0	Neurobiology of communication	Fall
301-0	Anatomy & physiology of vocal mechanism	Fall
302-0	Anatomy & physiology of the peripheral hearing mechanism	Fall
304-0	Experimental design & statistics in CSD	Fall
318-0	Intro to audiology	Fall
303-0	Brain and Cognition	Winter
305-0	Phonetics	Winter
306-0	Psychoacoustics	Winter
310-0	Biological foundation of speech & music	Winter
320-0	Intro to Speech, Language, Learning and their disorders	Winter
392-0	Lang Development & usage	Winter
395-0	Cog neuroscience of human communication	Winter
319-0	Aural rehabilitation	Spring
342-0	Language & cognition in atypical development	Spring
369-0	Topics in CSD: Incorporating a racial and ethnic equity perspective into CSD research	Spring
373-0	Learning disabilities	Spring
382-0	Autism Spectrum Disorders	Spring
469-0	Topics in CSD: Bilingualism and Multilingualism	Spring

SPS Pre-SLP Courses in 2024-2025

Online courses via the School of Professional Studies
(requires dual registration procedure and approval):

COURSE	TITLE	QUARTER
318-DL	Intro to audiology	Fall
319-DL	Aural rehabilitation	Fall
392-DL	Language development and usage	Fall
301-DL	Anatomy & physiology of vocal mechanism	Winter
318-DL	Intro to audiology	Winter
301-DL	Anatomy & physiology of vocal mechanism	Spring
305-DL	Phonetics	Spring
301-DL	Anatomy and Physiology of vocal mechanism	Summer
305-DL	Phonetics	Summer
318-DL	Intro to Audiology	Summer
319-DL	Aural rehabilitation	Summer
392-DL	Language Development and Usage	Summer
